Admiral Stansfield Turner  
Director, United States Central Intelligence Agency  
Washington, District of Columbia 20505

Dear Admiral Turner,

I am writing you on behalf of the Harlan Fiske Stone Law Society at Amherst College. We would be honored if you could arrange to come back to Amherst to speak before the student body and share your insights concerning the workings of the law in the international community or an issue you felt to be salient. We are certain that your perspective would be one of great interest to anyone concerned with matters of law. Also, as students of the law at Amherst College, we feel a special privilege in having a member of our own extended family in a position to offer a uniquely well informed talk about law in America.

As I am sure you can imagine, our resources are limited. However, we would be able to provide for your travel expenses and for your accommodations in Amherst. Though your presence as a speaker no doubt commands a sizeable honorarium, we hope that you might forego this for your alma mater. The college community would be deeply grateful.

I hope that I have contacted you early enough to arrange a date in February, March, or early April. We thought a week night would be best, but the exigencies of your schedule must dictate. If you would be willing to come please get in touch with me as soon as possible.

I would like to thank you in advance for your consideration of the above proposal.

Sincerely,

A handwritten signature in cursive script, appearing to read "Andrew G. Humphrey".
